TEAS

BLACK

BREAKFAST BLEND

An inspiring and invigorating blend of handpicked Ceylon and Assam teas. Malty & full bodied with hints of oak.

ROYAL EARL GREY

Exceptional whole leaf Ceylon tea scented with natural Bergamot oil and embellished with blue cornflowers.

DECAF BREAKFAST

The leaves have been decaffeinated naturally, meaning the tea retains all the taste.

L.E.TOMATIN WHISKY TEA

Our wonderful blend of 3 black teas from Assam, Ceylon and Fujian with a little natural bergamot flavour & a sprinkle of cornflowers specially aged in Scottish Tomatin Whisky barrels for a unique whisky flavour.

OOLONG

YELLOW GOLD OOLONG

Oolongs are smooth, complex and sometimes a bit fruity. They fall between black tea and green tea and are really something quite unique. This traditional Chinese tea is made by a unique process. Each leaf is hand-rolled and when steeped in hot water the leaves open to create a complex mix of sweetness and tangy-ness topped off with notes of fresh grass.

GUNPOWDER DELUXE

Our Gunpowder Deluxe has a natural sweet flavour with a slight earthy note and hint of pepper. This famous Chinese tea gets its name from the dry leaf, which resembles gunpowder pellets and explodes into long leaf on steeping.

JASMINE PEARLS

To make our Jasmine Pearls, green spring tea is meticulously hand-rolled into delicate pearls before being hand scented six times with fresh jasmine blossoms.

WHITE

SILVER NEEDLE

White teas are the most rare and delicate of all the teas and undergo the least processing, making them light and fresh. Silver Needle is the most famous of all the white teas, and for good reason. The delicate downy buds (said to be packed with antioxidants and very low in caffeine) give a delicate but complex flavour with a hint of melon, fresh citrus notes and a lingering finish.

ROOIBOS

BIG RED ROOIBOS

Our Big Red Rooibos is pure premium grade Rooibos. Rooibos is fast becoming a modern day classic, booming in popularity due to its zero caffeine and apparently high antioxidant content. It has a soft, but at the same time tart flavour, with top notes of orange and dried hay.

FRUIT AND HERBAL

PERFECT PEPPERMINT

This infusion is cool and invigorating. It helps to cleanse your palate and aid digestion and is perfect for those with a caffeine intolerance.

LEMON & GINGER

Fragrant lemongrass is expertly blended with lemon peel and ginger peel and just a hint of liquorice.

ISLE OF HARRIS GIN TEA

Using the unique botanicals the Isle Of Harris Distillers use in their incredible gin. A blend of Juniper, Coriander, Angelica Root, Orange Peel, Liquorice Root, Cassia Bark and Sugar Kelp which is hand harvested by a local diver from the Outer Hebrides. Delicious as a cold brew infusion.

CHILLAXIN' CHAMOMILE

Our Chamomile is made up of the whole Chamomile flower and creates a sweet intoxicating, elegant floral flavour.

SEA BUCKTHORN BLEND

This wild plant is found abundant along Scottish coastline and those bright orange berries contain an array of vitamins and minerals as well as bio-active substances.
