TEAS

BLACK

BREAKFAST BLEND

An inspiring and invigorating blend of handpicked Ceylon and Assam teas. Malty & full bodied with hints of oak.

ROYAL EARL GREY

Exceptional whole leaf Ceylon tea scented with natural bergamot oil and embellished with blue cornflowers.

FESTIVE BREW

LETS MULL IT OVER

If you need a moment out of the day to mull things over then this infusion is sure to keep you cosy. This brew has a distinctive festive taste with notes of aniseed when drunk on its own as a tea.

OOLONG

ORANGE SUPREME

This traditional Chinese tea is made by unique processes that create a semi oxidised tea sitting between a black and green tea. Our Orange Oolong Supreme has a sweet and citrus twist.

The hand-rolled leaves create a mix of sweetness & tangy-ness, with a tart citrus finish. This tea has all the distinct earthy notes of an oolong with a light and refreshing orange note.

ROOIBOS

BIG RED ROOIBOS

Our Big Red Rooibos is pure premium grade Rooibos. Rooibos is fast becoming a modern day classic, booming in popularity due to its zero caffeine and apparently high antioxidant content. It has a soft, but at the same time tart flavour, with top notes of orange and dried hay.

DECAF BREAKFAST

The leaves have been decaffeinated naturally, meaning the tea retains all the taste.

L.E.TOMATIN WHISKY TEA

Our wonderful blend of 3 black teas from Assam, Ceylon and Fujian with a little natural bergamot flavour & a sprinkle of cornflowers specially aged in Scottish Tomatin Whisky barrels for a unique whisky flavour.

GREEN

GUNPOWDER DELUXE

Our Gunpowder Deluxe has a natural sweet flavour with a slight earthy note and hint of pepper. This famous Chinese tea gets its name from the dry leaf, which resembles gunpowder pellets and explodes into long leaf on steeping.

JASMINE PEARLS

To make our Jasmine Pearls, green spring tea is meticulously hand-rolled into delicate pearls before being hand scented six times with fresh jasmine blossoms.

WHITE

SILVER NEEDLE

White teas are the most rare and delicate of all the teas and undergo the least processing, making them light and fresh. Silver Needle is the most famous of all the white teas, and for good reason. The delicate downy buds (said to be packed with antioxidants and very low in caffeine) give a delicate but complex flavour with a hint of melon, fresh citrus notes and a lingering finish.
